

Corporate MultiPay Conditions of Use and Guide for payment devices and online solutions

for Cardholders and Programme Administrators of all Corporate Card products,
and users of the Embedded Payment Solution (EPS) or any Corporate Card online solutions, including CCIS and CCDM.

Conditions of Use – how to use your Corporate Card products

Things you must do

1. Only use the payment devices and online solutions that we give you access to for authorised business purposes (your business will tell you what this covers).
2. Tell us if you change your name, address or other information you have given us.
3. Keep safe your PIN, security details and any information you have about cards, payment devices and online solutions. Do not give them to anyone, including our staff. They must be kept secret and, if you write them down, they must not be recognisable or kept with cards, Business Travel Solution (BTS) or Embedded Payment Solution (EPS) details, or details about cards. PIN numbers and security details must not be easy for someone else to guess. They should be changed if we recommend this or if you suspect someone else might know them.
4. Stay within the limit of your payment device.
5. Tell us immediately if (a) any payment device is lost or stolen; (b) you think someone else knows any security details, including for online solutions; or (c) any payment device or online solutions might have been misused.
6. Check any cardholder statements as soon as possible when you receive them, preferably within 30 days. Tell us straight away if an entry seems wrong. Co-operate with us and the police if we need to involve them.
7. Take reasonable steps to protect the systems and equipment behind our online solutions from viruses and other intrusive devices, including by making sure your equipment is compatible and virus free.
8. Stop using the payment devices and online solutions immediately if you stop being an employee, contractor or agent of the business for any reason. If applicable, you must give them to the business.

Things you must not do

1. Let third parties, including our staff, use payment devices or access our online solutions.
2. Misuse any online solutions you have access to. You must respect the intellectual property rights in these solutions, which belong to us and others. You do not have any rights in our online solutions except the access rights we give you. You must not make changes to our online solutions or create any links to or from a website to them. You must not use our online solutions in countries where doing so is unlawful.

We may make changes to these Conditions of Use for any reason at any time. If the Conditions of Use change, we will tell Programme Administrators, and Programme Administrators will tell cardholders and users.

Why would my transaction be declined?

It might be declined because (a) you have already reached your card or spending limit; (b) you are restricted by your business from making the transaction; (c) to protect your business from fraud or security concerns; (d) a regulatory requirement means we have to decline the transaction; or (e) we are owed money by your business.

It might also be declined because your payment device has been suspended or cancelled and this could be for the above reasons too. As soon as we can, we'll tell the business that we are going to stop or have stopped the use of a payment device and why, unless the law says we can't or it would undermine our security measures. We won't stop it for longer than we need to. We'll let it be used again or provide a new one as soon as possible.
