Additional Information

AER stands for Annual Equivalent Rate and is the notional rate which illustrates the gross rate as if paid and compounded on an annual basis. As every advert for a savings product will contain an AER you will be able to compare more easily what return you can expect from your savings over time.

Gross Rate means we will not deduct tax from the interest we pay on money in your account. It's your responsibility to pay any tax you may owe to HM Revenue and Customs (HMRC).

Credit interest rates are variable and are set by us. They are not linked to Bank of England Bank Rate or any other reference interest rate unless otherwise stated.
